The conference on ‘Holy Men/Women and Charlatans in the Ancient Novel’ is the 6th in an ongoing series, *Rethymnon International Conferences on the Ancient Novel (RICAN)*, organized by the Department of Philology, University of Crete. The revised versions of the papers delivered at the conference held on May 30-31, 2011, are printed in this volume. I would like to thank my fellow editors, Gareth Schmeling and Michael Paschalis, for their collaboration in preparing this volume, and also thank our publisher, Roelf Barkhuis, for producing yet again a splendid book.
